Project ID No. P168862
Assignment Title:
SUPERVISION OF REHABILITATION WORKS ON THE GALOVICA CANAL
Reference No. SER-SDIP-QCBS-CS-26-45

The Republic of Serbia has received financing from the International Bank for Reconstruction and Development (IBRD) (“World Bank”) towards the cost of the Sava and Drina Rivers Corridors Integrated Development Program, Phase I project, and intends to apply part of proceeds for consultancy services.

The general goal of the preparation of technical documentation is to increase the efficiency and safety of the operation of the pumping station and the gate, bearing in mind their importance for the effective protection of agricultural and urban areas within the framework of hydromelioration system, and especially taking into account the increased urbanization, especially along the downstream part of the stream, including the amount of atmospheric and purified used water that is discharged into the canal network. The consulting services (“the Services”) includes preparation of following:

- Hydrological-hydraulic study;
- Conceptual Design for the reconstruction and extension of the Nova Galovica pumping station;
- Feasibility study with Preliminary Design for the reconstruction and extension of the Nova Galovica pumping station;
- Construction Permit Design for the reconstruction and extension of the Nova Galovica pumping station;
- Preliminary Design for the rehabilitation of the gate on the Nova Galovica canal, km 20+181.

The detailed Terms of Reference for the above referenced Services are posted on the website of the Ministry of Agriculture, Forestry and Water Management (MAFWM)/Republic Directorate for Water at:
